The members work to collectively pursue initiatives to support the growth of Aboriginal tourism in Canada.

The purpose of MOU signed yesterday is:

For the purposes of this MOU, the Aboriginal Procurement and Business Partnerships (APBP) directorate of the Aboriginal Entrepreneurship Branch of Lands and Economic Development Sector will be the primary point of contact on this initiative for AANDC. The Aboriginal Tourism Marketing Circle will be the primary point of contact for the Canadian Aboriginal tourism industry;

d) Engage other potential partners, including other federal departments, provincial, territorial and municipal authorities, to identify opportunities for greater collaboration, as well as projects or activities that can be undertaken.

ATMC Chair Keith Henry stated; “ATMC members are grateful to AANDC and the Government of Canada for supporting the Aboriginal cultural tourism industry. This MOU is an important step forward to formalize the relationship and signal the importance of Aboriginal tourism in Canada. The leadership by Nicole and her team at AANDC has led to this important next step.”
ATMC Chair Henry concluded; “ATMC and AANDC are taking steps to implement the MOU including a future presentation regarding the economic value of Aboriginal tourism at the Canadian Council of Tourism Ministers, National Research project, and expansion of the ATMC website portal. There is important new work to complete together and ATMC members are very pleased with the progress after years of work together as an industry. Moreover ATMC members recognize the important work yet to be completed throughout all Provinces and territories to increase Aboriginal participation in Aboriginal tourism. There is growing Aboriginal tourism demand from a variety of markets and together with partners we can significantly increase the value for all tourism in Canada.”
